Neuroeconomics Consideration of Selection Behavior using Heuristics:
From the Results of the Contingent Negative Variation Measurement ........................................ 29
Hiromi FUJIMORI, Mika ITO, Tatsuya OZEKI and Hisaya TANAKA

Constructing a System which Proposes Metaphors Corresponding
to the Onomatopoeia Expressing Medical Conditions ............................................................ 37
Ryuichi DOIZAKI, Takahide MATSUDA, Akira UTSUMI and Maki SAKAMOTO

Investigation of Fabric Texture Expression through Dynamic Alteration of Drapes .............. 45
– Image Presentation Method in Online Shopping Environments –
Tomoharu ISHIKAWA, Ryota TSUJI, Kazuya SASAKI,
Keiko MIYATAKE and Miyoshi AYAMA

Emotion Recognition using ECG Signals with Local Pattern Description Methods ............ 51
Somchanok TIVATANSKUL and Michiko OHKURA

Factors Influencing to Travel Behavior on Transport Mode Choice ..................................... 63
– A Case of Colombo Metropolitan Area in Sri Lanka –
R.A.M. MADHUWANTHI, Ashu MARASINGHE, R.P.C. Janaka RAJAPAKSE,
Asanka D. DHARMAWANSA and Shusaku NOMURA

A Study of the Educational Approach of the Australian Landcare Movement .................. 73
Tomomi MAEKAWA, Michael T. SEIGEL and Toshio KUWAKO

Impression Estimation System for Short Sentences using Adjectives .............................. 83
Nguyen Thi THU AN and Masafumi HAGIWARA

Developing a Document Creating System for Affective Design:
A Case Study in Card Design ................................................................. 91
Qianru QIU and Kengo OMURA

Student Assessment Based on Affective Factors in English Learning
Using Fuzzy Inference .................................................................................. 101
Fitra A. BACHTIAR, Eric W. COOPER,
Gunadi H. SULISTYO and Katsuari KAMEI

The Relationship of UX and Perceptions of Credibility ..................................................... 109
– The Case of the Mobile Social Commerce Sites –
Kieun Kim
A Study on the Method of Product Development Management at Vocational Aid Centers……… 115
   – An Analysis of Exemplary Cases of Original Product Development
   and of Local Government Support –
Chitose IKEDA, Yasuko TAKAYAMA and Satoshi KOSE

A Text-based Automatic Waka Generation System using Kansei ........................................... 125
Ming YANG and Masafumi HAGIWARA

“EMO”: Design of an Emotional Communication Device
   based on Gestural Interactions ............................................................................................... 135
Yang LIU and Céline MOUGENOT

The Effects of Scents on Emotion and Performance
   in User Experience of Application Software ........................................................................ 143
Suomiya BAO and Toshimasa YAMANAKA

Investigation on a Non-verbal Emotion Assessment Tool
   in Cross-cultural Context ........................................................................................................ 153
Weihua LU and Jean-François PETIOT

Personality Traits Associated with Body Shape ......................................................................... 161
Hikari NAMATAME, Miho SAITO and Yoko SAWAMIYA

Towards Detecting Appropriate Respondents to Questions
   Posted at Q&A Sites by Disregarding and Considering Categories
   of Answer Statements ............................................................................................................. 167
Yuya YOKOYAMA, Teruhisa HOCHIN and Hiroki NOMIYA

A Study on Effectiveness of Onomatopoeia in
   Expressing Users’ Operational Feelings about HMIs ........................................................... 177
Yusuke KUSABA, Ryuichi DOIZAKI and Maki SAKAMOTO

Development and Evaluation of a Smartphone Application
   for Self-estimation of Daily Mental Stress Level ................................................................... 183
Shuwa KIDO, Ayako HASHIZUME, Tetsuaki BABA and Takemi MATSUI

Differences in Heartbeat Modulation between Excited and Relaxed
   Kawaii Feelings during Photograph Observation ................................................................ 189
Miyuki YANAGI, Yoshiyuki YAMARIKU, Tomomi TAKASHINA,
Yoshikazu HIRAYAMA, Ryota HORIE and Michiko OHKURA
Comparison of Optimized Selection Methods of Sampling Sites Network
for Water Quality Monitoring in a River ......................................................... 195
Chamara P LIYANAGE, Ashu MARASINGHE and Koichi YAMADA

A Visual Interface for Emotion based Music Navigation using
Subjective and Objective Measures of Emotion Perception ............................... 205
Sugeeswari LEKAMGE, Ashu MARASINGHE,
Pradeep KALANSOORIYA and Shusaku NOMURA
